

Champion and his G-String

One hour live show

Present within Montreal's music scene for over ten years, **Maxime Morin**, aka **DJ Champion** has been making waves, ever since the release of his first album ***Chill'Em All*** (Saboteur Musique), released in 2004, for which he won the Album of the year award in the electronic-techno music category at the 2005 ADISQ. This one of a kind musician has not only helped form numerous punk acts throughout the years, but has also performed as DJ Mad Max, before being joined by his band the G-Strings, composed of four guitarists, one bass player and an amazing vocalist.

Chill'Em All is a unique concoction of rockin' guitars, techno beats, incredible vocals and contagious melodies. An original yet accessible album that has brought **Champion and his G-Strings** to perform at several important local and international Festivals and events, such as the SXSW Festival (Austin), Les Transmusicales de Rennes, the Great Escape Festival (Brighton, UK), Le Paléo Festival (Switzerland), Les Nuits Botaniques (Brussels), the Montreal International Jazz Festival, The Virgin Festival (Toronto), the Ninth Annual Interactive Achievement Awards (Las Vegas), and the Toronto Film Festival and lately **Festival fnac Indétendances, Paris-Plage (2007)** just to name a few.

With ***Chill'Em All***, which was released in France (October 9, 2006) and his new "***The Remix Album***" (November 2006), this Félix Award winner for Show of the Year at l'ADISQ (2006) and CASBY award nominee for Favourite new single (No Heaven), has been invited to play at SXSW last March and has plans to record a second album for 2008. So watch out! Champion will be jam-packing a venue near you with his universal beats and rythms.
