

STONES OF FATE AND FORTUNE

Documentary series

(7 x 60 min.)

This series explores the obsession with the precious gemstones that has spawned vast fortunes and collapsed empires. Each episode features a different gemstone and their countries of origin. Viewers explore the myths and the science of gemstones as well as their beauty and unimaginable value. They will be introduced to the gem dealers and the cutters selling their goods on backstreets and in glamorous, internationally renowned shops.

Episode 1: Stones of Seduction (England, Sri Lanka and Thailand (Bangkok))

Episode 2: Topaz of Brazil (Brazil and Canada)

Episode 3: Colombian Emerald; the Green Fever (Colombia and Canada)

Episode 4: Synthesizing the Stone (United States, Canada, Switzerland and Germany)

Episode 5: Black Opals- Treasure of the Outback (Australia and Canada)

Episode 6: Amber – Gem of Life (Poland, Russia, Canada, United States, England and Germany)

Episode 7: Ammolite – Birth of a Gem (Canada and the United States)
